2 Dr Hankin was posted to the Health Institute on the suggestion of Dr Srinivasa Rao, who seems to think that Dr. Hankin can conveniently be placed in charge of his duties now.

3 The Senior Surgeon has in another communication reported that Dr. B. K. Narayana Rao expects to be relieved in mid-June by the end of June 1915 and we may therefore expect him to join the Institute for Bacteriological work very soon.

4 The arrangement proposed by Dr Srinivasa Rao involves no disturbance of his appointment. The leave applied for is only for a month. Mr Mansi is likely to learn the analytical work in the course of this month, and important and difficult cases may perhaps be kept by him for the return of Dr Srinivasa Rao. When Mr Pani

Dr. M. Srinivasa Rao, Director, Public Health Institute, has applied for a month's privilege leave to be availed of from or after the 2nd August 1915. Dr. Srinivasa Rao states that his Assistant (Mr. Manker) may be in charge of the Institute during his absence.

2. In forwarding the application, the Sanitary Commissioner has recommended that Mr. A.K. Pani, the most senior Health Officer in the service, who has acted for over 12 months as Chemical Examiner on a previous occasion, will have to be put in charge of the Public Health Institute and the Chemical Laboratory during Dr. Srinivasa Rao's absence, Mr. M. Srinivas Peidpet, District Sanitary Officer, Chitaldrug District, being posted to do duty as Health Officer, Mysore.

*Page 3 of the office note.

3. The Second Member of Council states that we may transfer Mr. Pani temporarily to the Public Health Institute; but that it would not do to keep Mr. Manker who is of the same rank and grade as Mr. Pani, as his Assistant. He suggests that Mr. Manker may be transferred temporarily to Mysore City instead of the District Sanitary Officer of Chitaldrug District who is very much of a junior.

Sir,

I have the honor to forward the enclosed copy of letter No. 366 dated the 28th Instant from Dr. M. Srinivasa Rau applying for the grant of one month's privilege leave from or after the 2nd August next and to recommend the grant of the leave.

2. In regard to the acting arrangement proposed, I beg to say that even the routine work of the Health Institute and of the Chemical Laboratory is such as to require an officer of some previous experience or training in the particular branches of work. Mr. Manker who has just been posted to the Public Health Institute has since the beginning of his service been a Health Officer and has had no experience of the analytical work pertaining to the Chemical Laboratory. Under the circumstances, Mr. A.K. Pani, the most senior Healt Officer in the service who has acted for over 12 months as Chemical Examiner on a previous occasion will have to be put in charge of the Public Health Institute and the Chemical Laboratory during the absence of Dr. Srinivasa Rau on privilege leave, Mr. M.
